Dear Jacqueline:

This is to confirm that Dr. Christian Hardmeier successfully completed his STSM that he spent at the University of Edinburgh 22 April to 12 May 2015 and that I accept the report he wrote describing the activities he carried out during the visit. The work he began during this visit, he is continuing back at Uppsala, and I hope he will soon be able to show the promise of the method he began to develop during this visit.

Warm regards,

abber
